TITLE AND AUTHOR INDEX TO VOLUME 15 (1970)

TITLES

Change and the Future, Miller, William F. (editorial comment), December, page 186.

Cigarette Smoking and Respiratory Disease, Terry, Luther L., February, page 1.

Cleaning and Sterilizing of Inhalation Equipment, American Thoracic Society's Committee on Therapy (reprinted from *Amer Rev Resp Dis*), April, page 48.

College and Hospital Cooperation in Inhalation Therapy Training, Davis, Gilbert, and Griffin, Kenneth, August, page 119

Combined Oxygen Controller and Mobile Air Compressor, Niedert, William J, Marino, Salvatore, and Morrison, Donald R, October, page 163.

Comparison of Three IPPB Respirators on a Mechanical Lung Analog, Webb, Paul, Troutman, Samuel J., Jr., and Annis, James F., August, page 112.

Control of Nebulizer Driving Gas in the Bird Respirator, Masferrer, Ray, August, page 125.

Depth of Knowledge of Technician and Therapist, Julius, Louise H., June, page, 71.

Disinfection of Inhalation Therapy Equipment by Ultrasonic Nebulization, Stevens, Harold R., Martin, Ruth A., and Adiska, T. R., April, page 29.

Dissatisfaction Guaranteed, or Your Money Back, Kittredge, Philip (editorial comment), December, page 185.

Drug Reconcentration in Aerosol Generators, Glick, R. Victor, December, page 179.

Education and/or Licensure in Inhalation Therapy, Burton, George C., and Barham, Virginia Z., October, page 143.

Education, Certification and Registry Versus Licensure, Miller, William F. (editorial comment), October, page 158.

Eliminating Electrical Interference to Operation of the Emerson Post-Operative Ventilator, Merket, Thomas E., and Collins, George R., August, page 124.

Ethylene Oxide Sterilization: A Necessity for Inhalation Therapy Departments, Engley, Frank B., Jr., and Metzgar, Marshall T., February, page 9.

Flow/Volume Graph Visualizes Pulmonary Function, Russell, W. T., August, page 109.

Infection Associated with Prolonged Ventilation, Williams, Temple W., June, page 76.

Infectiousness of Tuberculosis, report of National Tuberculosis Association's Ad Hoc Committee on Treatment of TB Patients in General Hospitals (reprinted from *Amer Rev Resp Dis*), June, page 85.

An Interdisciplinary Approach to Cystic Fibrosis, Lockhart, Virginia, Scully, Edward, and Levin, Dorothy, April, page 34.

Just One Big Happy Family, Selden, William K. (reprinted from *Amer J Med Tech* as editorial comment), April, page 41.

Long-Term Ventilation with a Fluidic Valve and "Artificial Nose," Morris, James F., Burns, Henry L., and Dougherty, David D., December, page 174.

Management of Status Asthmaticus, report of The American Thoracic Society's Committee on Therapy (reprinted from *Amer Rev Resp Dis*), August, page 126.

A "Map Board" of the Bennett PR1-A Respirator, Oldfield, Rod, and Ramay, Morris, October, page 162.

Management of Status Asthmaticus, report of The American Thoracic Society's Committee on Therapy (reprinted from *Amer Rev Resp Dis*), August, page 126.

A "Map Board" of the Bennett PR1-A Respirator, Oldfield, Rod, and Ramay, Morris, October, page 162.

A Modified AMBU Value for Teaching Assisted Ventilation, Cosgrove, Charles, and Cassara, Evelyn L., December, page 184.

The Morality of Breath, Schaffer, The Rev. John, June, page 79.

New Design of a Simple IPPB Device—The Hand-E-Vent II, Petty, Thomas L., October, page 165.

Post-Operative Lung Inflation, Belinkoff, Stanton, and Farmer, Emerson, October, page 157.

A Practical Device for Producing Continuous Positive Pressure Breathing, Masferrer, Ray, October, page 160.

The Role of the Pulmonary Intensive Care Unit, Belinkoff, Stanton, December, page 171.

Sedation for Patients on Long-Term Ventilatory Care, Arens, James F., October, page 150.

Severe Pulmonary Insufficiency: Post-Traumatic or Post-Operative, Mathewson, Hugh S., October, page 154.

A Simple Method of Administering Topical Anesthesia Preceding Bronchography, Pollock, Roland D., August, page 121.

We Need New Programs for Chronic Airway Obstruction!, Petty, Thomas L. (reprinted from *Chest*), June, page 83.
